

Instructions for Clients
Re: IPS

- 1) Book ultrasound for 11-13 wks
 - Make sure you tell them it is for IPS
- 2) - day of ultrasound drink 4 cups of water 1 hour before
 - after the ultrasound they will give you a form, keep that
- 3) After ultrasound have blood drawn (same day)
- 4) Have second blood draw done at 16-18wks
 - We can do this at our clinic if you bring in the form from the ultrasound
